In what ways do you share vehicles?

Redwood County Human Services	Redwood County Government Center-if our vehicles are all being used, we call to see if they have a vehicle to use. If we need to use a van, we call them. We are not able to use their vehicles for transporting clients as they have a county logo on the doors.
Redwood County Human Services	Redwood County Government Center - if Human Service's vehicles are reserved, we call the Administrator's office to check if one of their vehicles is available. Their vehicles have a county logo on the doors so are not usable for trips when a client is transported.
Little Lambs Preschool	Community children pay to ride the bus
Cottonwood County Transit	We have used vehicles from the Cottonwood County DAC during situations where our buses are not available and they have the same arrangement with our transit system.
